Interact Presides

Last Thursday we had the pleasure of our Rotary meeting being led by our talented group of Interact students from the Newark High School. At this Thanksgiving time the meeting was opened with the words of Swiss philosopher Henri Frederic Amiel. "Thankfulness is the beginning of gratitude. Gratitude is the completion of thankfulness. Thankfulness may consist merely of words. Gratitude is shown in acts." This is truly a Rotarian's philosophy! Each student introduced themselves and shared something unusual about themselves. Thursday was National Gingerbread Day. Remembering Elliot, our exchange student from Sweden, we shared in the tradition of breaking a gingerbread cookie - after making a wish - If it breaks into three pieces the wish will come true.
