

NEWARK RISE

ROTARIANS IN SERVICE EVERYWHERE

Aug 8, 2019

Club #4798 District 7120

Bulletin Editor: Trudy Hicks

P.O. Box 374, Newark, NY 14513

President's Announcements

Last Thursday was National Dollar Day. Members of the club answered Dollar trivia questions with winners receiving a prize of a ZUCCHINI in honor of national 'Put a Zucchini on your Neighbor's Porch Day'. Look what we are learning! -thanks to our creative new President!!

We are reminded to make a reservation for the Fifth Thursday Social Event at Doug Kent's Rose Bowl Lanes. This will replace our regular lunch meeting on August 29th.

New this year - Rotary Participation Points in place of Rotary Bucks. This may require a little bit of tech-ability. Holly is working out the details. Everyone has been given a sheet explaining the participation points and the instructions to look up Rotary points in Club Runner - stay tuned and don't give up!

Please remember to fill out a Lunch Survey. Trying to please everyone's different food tastes may be an impossible task but we are hoping for your input.

Wellness Report

Pat Albrecht reported that Marge Gile is having trouble with her prosthesis and keeps hoping to get back to Rotary. Jean Williams husband has been diagnosed with lymphoma. Sharon SanAngelo's son is in the hospital with facial cellulitis.

Club Announcements

Doug Doeblor was pleased to announce that his 30 orphans in Haiti are able to attend their private school wearing nice clothes and new shoes thanks to the \$150,000.00 raised by a generous group that he contacted. The school tuition is \$300 a year. This gift helped with schools and housing.

Gary Reilly is still looking for more members to play golf in the annual District golf tournament on Friday, September 6th. **Pat Albrecht** is pleased with the grant received to pave the parking lot at Laurel House. Jan Hince confirmed that this year's total funds raised at Hill Cumorah was \$10,500.00. Next year is our last opportunity with this event.

Happy Moments

Greg Gray recently traveled to NYC with his wife who is from Uruguay. She saw her first Soccer match and they renewed their vows. She was not crazy about the BIG CITY but loves living in Newark. When Greg was working at the Hill he found \$2 on the ground that he would like to give to camp Onseyawa. **Gary Reilly** noted a "service above self" moment when Greg came to the Hill and bought 2 dinners to go. He discovered he was on the list to work so he took his dinners home to his wife and came all the way back to help out for the evening. **Gary and Norma** and Gary's sister are back from a fun filled bus tour to NYC. They saw a game at Yankee Stadium and did some shopping and touring of the city. **Bob Bendix** keeps us up to date on their daughter Aubrey's movie career. She is filming in Vancouver followed by South Korea. This is the trilogy - "To All the Boy's I've Loved Before". **Steve Taylor** and his wife Evie recently entertained family who stayed with them for TEN DAYS!

Steve was most excited about riding on his son-in-law's BMW motorcycle. Evie said NO to Steve buying his own.

60 Second Introductions

ADAM O. - Adam is 45 years old from a family of 13 siblings (a story that cannot be told in 60 seconds) He is a professional musician - playing the guitar in a rock band for 5 years before his career now at Marshall Exteriors. He still finds time to follow his passion and plays in a band called FLANNEL UNDERGROUND.

LINDA WERTS - Linda loves to spend time and travel with her family. Recently, with their children and grandchildren, Linda and Kurt traveled to London and Northern Ireland. They found long lost relatives and experienced the hottest day ever in London at 105 degrees! Little known fact about Linda - she, once upon a time, taught synchronized swimming - PICTURE THAT! She traveled out west with Kurt who was in the service and entered several swim competitions.

Speakers: Honest Pharmco

Jonathan Callahan is the Founder/Director of Newark's recent new business - HONEST PHARM CO located on the property of the old Jackson Perkins green house. Jeremy Jimenez works with Jonathan. He became aware of the property when his Mother from Newark saw that it was available and called her son. The original plants are in Colorado and Florida. The Newark facility will grow hemp from seeds and will also provide local farmers with seeds to grow the hemp that they will then buy back. The hemp is made into CBD oil. There are 30 products including Melatonin and CBD for dogs. Many people use it as a pain reliever and help with sleeping and stress. You cannot get high on CBD oil and this company has NO PLANS TO PRODUCE RECREATIONAL MARIJUANA (to stop the local rumors). A retired dentist, whose initials are FDH, is looking for a part time job which his wife is encouraging. The Director said they will be hiring soon. You can come, if you are brave, and take a SPEEDY golf cart tour. We are all excited about new business growth in our little town.
